

SUBJECT LINE: Outstanding New Edition To Your Kitchen Appliances!
HEADLINE: NEW PRODUCT! 3-SHELF MINI FOOD WARMER

Our new product release WarmCo, is a two-door mini display warmer with three shelves, it features 470 watts of heating power to ensure your food stays hot and tasting fresh. The warmer has countertop installation. It is an aluminum/stainless steel material with a tempered glass exterior. The thermostatic controls have adjustable temperature settings which will preserve the food's fresh taste and help it maintain the correct texture, whether that's crispy or moist. This product is made in the USA.
